Dear Parent/Carer,

COVID 19 VACCINATION

You will be aware that there is a national drive to vaccinate 12-17 year olds and one aspect of this is that schools will be used as locations to offer vaccinations to pupils in this age range. Monday 13th December has been confirmed as the date for vaccinations to be available for **our pupils aged 12-17 years old only**, who have not had their first dose.

Pupils aged **12-15 years old** will be given the opportunity to collect a consent form and supporting materials from the NHS during registration over the coming days. The consent forms must be returned to their register teacher by Friday 3rd December.

Pupils aged **16-17 years old do not need to complete a consent form**, but are asked to inform their register teacher by Friday 3rd December, if they would like to receive their 1st dose of the vaccination. They can collect the NHS supporting materials from the office when they do this.

There is no need to take any action if you do not wish your child to access this service.

Best wishes,

Dr J Vance
Rector
